

O. L. WOODWARD IN COURT AT CLINTON

CHARGED WITH SELLING LIQUOR WITHOUT LICENSE.

Jury Brings in a Verdict in Favor of Defendant—District Attorney Jackson Conducts the Prosecution—Houston & Hill Furniture Company Dispose of Business.

Clinton, Oct. 6.—The case of O. L. Woodward, charged with selling liquor without proper registration, came to trial Wednesday before Justice of the Peace Cronkite. A jury was drawn, consisting of F. A. Herron, L. L. Simmons, O. E. Noble, Lynn Livingston, Will Elthorpe, and Charles Wakeford. After being out for a short time they brought in a verdict in favor of Mr. Woodward. District Attorney W. A. Jackson of Janesville, conducted the prosecution, which had a weak case, inasmuch as the law does not specify when the registration shall be made. Wm. Jones had charge of the case for the defense. The Houston Hill Furniture company have sold out their branch business establishment at this place to E. H. Tubbs, who will continue at the old stand. Mr. Tubbs has been a resident of the village nearly one year and is well and favorably known to the people here. October 29, it is thought will be the date of the local Y. M. C. A. annual meeting. An interesting gathering is being arranged for. The annual meeting of the Clinton Cemetery Association will be held at the office of James Irish on Tuesday evening, Oct. 17, at 7 o'clock. Lot owners should attend this meeting. The seed warehouse is now entirely enclosed and the roof nearly on. When finished it will be the most imposing looking structure in town. The Sherman Concert Company appeared before a fair sized audience at the Congregational church Wednesday evening. The receipts were \$25. The entertainment given was first class and enjoyed in every respect. L. L. Olds has rented his farm for the coming season to Fred Wobig, who formerly worked for Mr. Olds and who occupied the Warner farm this year. Mr. Wobig will put in about thirty-five acres of potatoes and for this portion of the farm crop will give one-third rental. Mr. Olds intends to retain his residence on the farm. Miss Helen Helmer has recovered sufficiently to resume her studies in the High school. The Clinton creamery received during the first half of September 142,350 pounds of milk, which made 8,298 pounds of butter. This when sold brought the sum of \$1,396.02. The average price of milk to the farmer per hundred was 87 cents, which was 22½ cents for butter fat. George Dean is expected to arrive in a week or ten days from Custer, Montana, with three car loads of western horses. He was accompanied on the trip by George Scott of Emerald Grove. J. E. Budlong is looking after C. L. Hanson's business during the latter's absence, who writes that it is doubtful if he is able to return this week. Mrs. J. L. Pangborn is reported as gaining slowly. J. C. Barker visited Beloit, Wednesday. T. W. Tuttle is thinking of spending the coming winter at Fruithurst, Ala. He reports that V. C. Tuttle will probably remain at that place, having purchased a twelve acre fruit farm, partially set out to fruit. Rev. Moore has also acquired property there, but does not intend to go south at present. Mrs. Sidney Allen, 87 years old, and wife of the founder of Allen's Grove, died in the state of Washington, Sept. 24th. J. B. Adams hauled a couple of loads of cane to Johnston Tuesday to be ground into sorghum. Dr. H. J. Palmer the dentist, contemplates changing his place of business from Darion to Beloit. Clinton's crop of cotton will soon be ready for harvest. Quite a number have cultivated plants this summer as a curiosity and for pastime. Miss Jennie Dean is teaching in the Gilbert district and a daughter of E. L. Gilbert has the school at Douglass corners. Elbert Goodsell has sufficiently recovered from his recent severe sickness to start out on his long delayed vacation trip. Edwin K. Rice of Ft. Dodge, Ia., and Miss Edith Anderson of Mitchell, South Dak., were married on Sept. 28th and are at present spending a little time with Clinton friends. Mr. Rice, who lived here when a boy, is the son of A. C. Rice of this village, and was a grandson of the late S. A. Kennedy. W. S. Thom was a Bower city visitor, Tuesday.

Shoppers, Oct. 6.—The Ladies' Aid society will hold their next social at Mrs. James Haggart's, Wednesday evening, Oct. 11. A cordial invitation is extended to all. The old maids' convention will be held here some time during this month. For further particulars see small bills. Mrs. Cromwell left Tuesday for her home, after a long visit with relatives here and at Clinton. Walter

says: "According to agreement made in Salt Lake City, if your preparation proved a benefit to my bald head, I was to send you a testimonial. There is a fine growth of new hair started. Am not troubled any more with dandruff and that annoying itching of the scalp. I had tried everything I could hear of before I saw you, but received no benefit. You can use this if you wish. Please send me half-dozen bottles."
We have thousands of testimonials equally as strong. All hair and scalp troubles readily succumb to these meritorious preparations.

Shuts left on the morning train, Wednesday, for his home in New York state. The telephone men have been putting up wire here this week. L. A. Van Gilder of Hartley, Iowa, is buying a carload of poultry. His headquarters are at Janesville. O. P. Smith is purchasing a good many carloads of grain. Charley VanCuren, who has been very sick the past week is getting better. The base ball boys gave a dance at the hall Thursday evening. Threshing is nearly finished in this vicinity. The potato crop is good, though corn is not as good as last year. C. W. Shimeall and wife left for Chicago, Thursday to be present at his sister's wedding. They will be absent about ten days. A number of friends and relatives of Mr. and Mrs. B. Kemmerer helped to celebrate Mrs. Kemmerer's birthday, Wednesday evening.

REV. WM. TODD TO LEAVE AFTON

To Preach Farewell Sermon Sunday—A Coming Nuptial Event.

Afton, Oct. 6.—Rev. William Todd, who has resigned from the pastorate of the Baptist church here, will preach his farewell sermon Sunday, October 15. He has accepted a call from the churches at Barneveld and Ridgeway, in Iowa county, and will make his home in the former town. A gang of men, who are setting poles for the new Rock county telephone line, are making the Northwestern house their temporary headquarters, and are now at work on the Afton line, which will connect with the main Janesville-Beloit line at Happy Hollow. One new application for adoption was accepted at the last meeting of Afton Camp 2192. M. W. A. and a new member was admitted by card. Once in a while a bright spot will appear, even in the life of a newspaper correspondent. The writer thought so last week, anyway, when he opened a suspicious looking package and lo! ripe strawberries appeared. They were kindly sent in by Chairman W. J. Miller, and were picked by Mrs. Miller the day previous. Cards are out announcing the approaching marriage of Albert E. Uehling of this place, and Miss Sophia Albright of Woodstock, Ill., which event will occur at the home of the bride's parents in Woodstock. Mrs. L. Dudley and Miss Vira Edmonds of Chicago, were guests at C. F. Waite's, the fore part of this week. Mrs. J. F. Bolte was a recent visitor with relatives at Hebron, Ill., and friends at Beloit.

INTERESTING TIFFANY JOTS.

Henry Tarrant Takes One Hundred Dollars in Premiums.

Tiffany, Oct. 6.—Henry Tarrant took one hundred dollars in premiums at the state and Dane county fairs, this fall, on fruit, and his collection was highly praised. J. Frught leaves, in a few days, for Los Vegas, New Mexico, where he proposes to make his home. His wife has been there the past summer, the climate proving favorable to her health. They have many warm friends in this section. O. P. Smith and Clinton parties are loading cars on the track here continually. Howard & Co. are shipping hogs and cattle every few days, paying good prices. Mrs. James Haggart will give a social at her home Wednesday evening, October 11, for the benefit of the Ladies' Aid society. Captain A. Allyn is failing in health. The captain dates his residence in Wisconsin back to 1836, and was one of the emigrants to California in the fifties. He was with Barstow's Cavalry during its term of service. His age and disease leave no hope of recovery. Scott Smith has purchased a threshing outfit, and is very busy with it. Eugene Smith and wife are rejoicing over the arrival of a son. All late crops of tobacco were secured without damage. Grain turns out well; hogs and beef are advancing in price; and the outlook is that agricultural conditions will improve, and be on a paying basis, something that has not been within the experience of our farmers for many years. De Witt Stark arrived with a load of remarkably fine horses from the west, last week.

A PLEASANT WEST PORTER PARTY

Mr. and Mrs. W. E. Davis Entertain in Honor of Miss Lillie Emerson

West Porter, Oct. 6.—Mr. and Mrs. W. E. Davis entertained about thirty young people at their home, last week Wednesday evening, in honor of Miss Lillie Emerson of Evansville. A pleasant evening was spent indulging in various games, after which refreshments were served. Mr. and Mrs. W. M. Tolles transacted business in Janesville, Tuesday. Locke Pierce spent Saturday and Sunday with relatives at Stoughton. Miss Ella Frechaut, who has been in Iowa for the past year, returned home last week. She was accompanied by her sister, Mrs. Mary Watts, and little son. Mrs. Watts expects to visit about two weeks at the parental home before returning. Miss Mae Pierce was a guest at W. M. Tolles', Saturday and Sunday. There is to be a dancing party at the Porter Band hall Oct. 13. Music by Leaver's orchestra.

Barkers Corners

Barkers Corners, Oct. 6.—There will be no preaching at the U. B. church next Sunday. Sunday school at the usual hour. Charles Davis has gone to Chicago for a week's visit. The Ladies' Aid society will meet with Mrs. Charles Shoemaker next week on Thursday. The time is changed from afternoon to forenoon. William Ingle and family spent Sunday at Joseph Flagler's. Elder Palmer has gone to attend the annual conference of the United Brethren church on account of the poor health of Elder Thayer, who will give up preaching the coming year and live at Newville.

SOCIAL GATHERING IS HELD AT MILTON

MR. AND MRS. C. B. GODFREY ENTERTAIN FRIENDS.

Neighbors Call to Remind Them of Their Twenty-Fifth Wedding Anniversary—Former Milton Boys Strike Rich in Colorado—College Review Makes Its Appearance.

THE GAZETTE AGENCY
W. W. CLARK, Manager,
Milton, Wis., Oct. 6, 1899.

The pleasant home of Mr. and Mrs. C. B. Godfrey was the scene of a pleasant social gathering last Tuesday, when seventy-five or more of the neighbors and friends called to remind Mr. and Mrs. Godfrey that they had been married for twenty-five years. Miss Holbrook of Lima, entertained the party with songs appropriate to the occasion, and Miss Kyle, also of Lima, recited an amusing poem, after which Rev. A. L. McClelland in a few words presented the congratulations, appreciation and good wishes of the friends. The ladies served a bounteous repast after which the party broke up with wishes of many happy returns of the wedding anniversary.

The following from the Woodland Park (Colorado) Times will be of interest to the many Milton friends of Messrs. Davis and Goodrich, former Milton boys, and cause them to rejoice in the good luck attending the efforts of those gentlemen: "Ten thousand nine hundred and thirty-four dollars and forty cents and \$1,278.00. One is the returns on an assay and a mill run on ore taken from 'The Blue' claim on Pike's Peak, six miles south of Woodland Park. It is true the assay was from a picked sample, but the mill run was on ore taken from across the entire vein. The assay and mill run was made by E. C. Woodward, the well known Colorado Springs assayer, and we were shown the assay certificates yesterday by W. H. Goodrich, one of the owners. The 'Blue' is one of a group of claims owned by Will J. Davis, W. H. Goodrich and C. Hartman and adjoins the North Star group on the east. Mr. Goodrich says that the 'Blue' is developed by a 65 foot tunnel and a 15 foot winze and it was in this winze that the strike was made. The vein carrying the pay is two feet wide and the ore is calaverite."

Mrs. E. H. Gifford and daughter of Janesville, and Miss Webb, a niece from Iowa, visited Mr. and Mrs. F. E. Gifford, Tuesday.

The manner in which freight trains are again blocking the crossings in this village is shameful and unnecessary. The superintendent would stop it if he was advised of the fact.

Rev. C. A. Thompson, state superintendent of the Northwestern Poultry association, delivered his lecture, "What Shall We Do with the Woman?" at the Congregational church Wednesday evening. On Thursday he made a canvass of the village in the interest of the association.

Miss Anna Sawright of Whitewater, is visiting her sister, Mrs. J. E. Waterman.

Golmar Bros' circus was in town, Thursday, on their way to winter quarters at Baraboo.

The Socwell Brothers have gone back to Welton, Iowa.

Harry Palmer is improving, and seems to be out of danger.

A. O. Gifford, Sr., is dangerously ill, and it is feared that he will not recover. Mrs. C. A. Smart of Ottawa, Kansas, is visiting Milton relatives. Mrs. Smart met her brother, Mr. Sherman, violinist, of the Sherman Concert company, here.

R. Williams and wife returned from their eastern trip, Thursday.

Rev. I. S. Eldridge occupies the M. E. pulpit tomorrow (Sunday) morning.

The Milton College Review made its initial appearance Thursday. It is neat typographically, the contents are of interest and the editorial staff strong in numbers. The cut of the college building is good and local advertisers are well represented in that department. The subscription price is low and the Review deserves a liberal patronage from the friends of Milton college.

Will Clarke of Brodhead, was in town Tuesday.

Arthur Castle of the Milwaukee Fire department, visited his sister, Mrs. E. S. Babcock, this week.

Mrs. J. C. Anderson went to Chicago Wednesday to visit friends and see the Fall festival.

S. S. Thomas is in Chicago enjoying the festivities incident to the corner stone laying.

Miss G. L. Davidson, who has been visiting relatives and friends in New York, Maine and other eastern points for several weeks, came home Wednesday.

Mr. and Mrs. Clem W. Crumb left for California this morning.

O. T. Vincent has resigned his position as a member of the board of supervisors.

The concert by the Sherman Company at college chapel Thursday evening was a charming entertainment. All who took part rendered their numbers

in an artistic and pleasing manner, but Mr. Sherman, the violinist, and Miss Knopp, the elocutionist, were the favorites of the audience and the peers of any in that line that have ever appeared in Milton.

D. Williams and wife are the guests of Chicago relatives this week.

Avon, Oct. 6.—Lorenzo Stokes has gone to Madison, where he will enter the university. Mrs. Bouch of Chicago, and Miss Reed of London, England, are visiting relatives and friends here. Mrs. George Enzore of Spring Grove, visited at Oak St. John's, Tuesday. Alson Gilmore of Chicago, is visiting his parents, Mr. and Mrs. M. Gilmore. W. Pollard and family spent a few days of last week at S. D. Van Slyke's. Rev. and Mrs. B. J. Young and little son of Ashley, Mich., spent last week at Frank Norris'. Mrs. H. Kurtz and children have returned from their visit at Davis. Mrs. Thompson and daughter, Anna, visited at Spring Valley, Tuesday. Ed Bullis of Spring Valley, is visiting his brother, David Bullis. Mrs. O. T. Bennett is in Orfordville, caring for her mother, who is seriously ill. Mrs. Will Ballou, Misses Addie and Lea spent Wednesday in Brodhead. We extend congratulations to Charles Moore and Miss Ida Clark, two prominent young people of this place, who were married at Janesville, Thursday morning.

Willowdale.

Willowdale, Oct. 6.—Most of the farmers in this vicinity have finished digging potatoes, and report a good crop. Stone is being hauled for a foundation for a new barn on the William McDermott place. Mrs. T. F. Condon of Porter, visited relatives here recently. Mrs. George Hutton is spending a few weeks with her parents in Richland Center. Mrs. P. Mooney visited with Leyden friends a couple of days this week. The house on the O'Brien farm is nearly finished. James Kay was a caller here last Wednesday. Mrs. G. N. Goldsmith and daughter Mattie, visited relatives in Center one day last week. Fred Coryell is in the employ of E. L. Brown. E. Brinkman contemplates a visit to Chicago.

WINS THE VALENTINE TROPHY

Miss Elizabeth Schicker Defeated Miss Jennie Baker Yesterday

Miss Elizabeth Schicker is the possessor of the Valentine trophy for the second time, having won in the finals played yesterday at Buckleton links. The contest was with Miss Jennie Baker, who played a very good game, but Miss Schicker's superiority was greatly in evidence from the fact that she won the match four up. A twelve hole game was played, Miss Baker having a handicap of fourteen.

Miss Schicker defended her possession of the trophy in a very skillful manner, which must be done each year by the one in possession. She certainly plays a professional game and next year will no doubt enter some important contests in this class. She ranks with the very best lady golfers in this portion of the country and it goes without saying that she will win new and higher honor on the links.

WOMEN WHO MAKE LAWS.

BY ELNORA M. BABCOCK.

Two Members of the Idaho Legislature Who Are a Credit to Their Sex.

A woman suffrage amendment was carried in Idaho in 1896, and in 1898 three women were elected to the house of representatives, Mary A. Wright, Clara L. Campbell and Hattie F. Noble, all of whom have fulfilled their duties to the complete satisfaction of their constituents and with credit to themselves.

Mrs. Wright, the representative from Kootenai county, the extreme northern part of the state, is a teacher by profession and has long been recognized as one of Idaho's most successful educators. Both herself and husband are heavy taxpayers. She has always taken a lively interest in educational and

sound sense and upright character, fit her for almost any public position of trust and responsibility.

She was married to William O. Campbell in 1888. After the birth of their three eldest sons they removed to Illinois, where they spent a few years. In 1875, owing to the ill health of her husband, they went to the Pacific coast, where she spent some time in Eugene, Ore., teaching music.

The continued ill health of her husband, caused by long service in the civil war, called for another change of climate, and in the fall of 1878 they were commissioned by the United States government to take charge of the government school upon the Nez Perce, Indian agency. Here they remained for five years. That they might better educate their boys they resigned their position and went to Boise, Ida., which has since been their home.

Mrs. Campbell is a prominent worker in the Relief corps, having served as department secretary and chairman of the executive board.

THE FILIPINO GIRL.

Her Habit of Smoking Is One Which Shocked Americans.

A Filipino girl whose parents make any pretensions to wealth or social ambition will not walk a half dozen blocks unless escorted by some relative, even in broad daylight, but she will sit on a balcony in full view of the street and puff contentedly at a long cheroot, perfectly conscious that she is within the bounds of strict propriety according to native standards.

This habit of smoking by girls and women is one which Americans in Manila find very hard to become accustomed to. We have heard that some women of our own race, members of a class of society more noted for its money than for its good morals, sometimes

A FILIPINO TYPE.

smoke cigarettes, but they do not make a public exhibition of their daring, and it is generally believed that their numbers are few.

The Filipino woman who does not smoke, however, is a rare exception. A writer in The Outlook says of them:

"They are always glad to accept a cigarette or a small cigar, and if you are not prompt in offering one, in all probability will produce one from their own supply and ask your permission to light it. This habit quickly ceases to attract your notice except under unusual circumstances.

"At a town in Isabella my attention was drawn to a number of young girls returning from their first communion. They were clothed in dresses of pure white, and long veils hung chastely down their shoulders. I drank in the details of the picture with delight until I came to the thick haze that overhung it.

"Through the meshes of each veil a tube of tobacco was thrust, and every pair of dainty lips gave its continual contribution to the cloud of smoke that dwelt around the little group like a halo of universal sanction."

ELIZABETH LYON.

The wife of Lord William Beresford will leave England soon for the purpose of revisiting her native land and witnessing the yacht races. As Miss Lily Price, daughter of Commodore Clever Price, U. S. N., she became a famous beauty. She was first married to Louis C. Hamersley, and after his death she was married to the Duke of Marlborough. Again left a widow, she later became the bride of Lord Beresford.

Chillicothe, O., is said to be the only city in the United States, perhaps in the world, which has women conductors on its street cars. Women conductors were placed on the cars for the first time June 15, 1897. The plan has proved an immense success.

A BRACER FOR WOMEN.

It Can Be Found In a Homemade Turkish Bath.

After a round of strength consuming business and social duties, when the nerves are screwed up to snapping point, when all the world seems upside down,—in short, when you have arrived at a past rest period, try a Turkish bath.

It is a bracer above reproach; a restorer par excellence for an exhausted frame and low spirited mind. When a Turkish bath is out of the question, try this one, for it is a most excellent substitute and quite luxurious.

Perhaps you have come in from a shopping expedition, where in a jostling crowd you sought in vain the bargains that meant a world of economy to you. Company in the evening stares you in the face, and here you are completely exhausted and at sword's points with yourself and the world with its manifold deceptions, the bargain counter in particular. Forget the busy old world and its many foibles. Strip body and mind and go to your bath, like that first woman created in the garden of Eden, innocent of all things worldly. But after you arrive there send up a little prayer that modern appliances make your bath not a little different from that of Mother Eve.

Turn the tub full of water as hot as can be borne. Then scrub the body all over with white castile or any other nonirritating soap, get into the bath and lie down to soak and steam, and dream of that blessed place far away in the blue skies where we shall all go in the happy future when these pain racked bodies of clay shall be left behind.

In 10 or 15 minutes the hot water will have extracted all soreness from aching joints and overtaxed muscles. Get up and while standing in the tub give your face a dash of cold water.

Then shower your whole body completely with it from shoulders to feet. If the bathroom offers no shower bath, this cold douche is easily managed by having ready beforehand a supply of cold water in a large vessel.

Do this showering quickly and rub dry at once with Turkish towels; follow with a fine dry towel or soft flesh

"SOAK AND STEAM AND DREAM."

brush, rubbing briskly until the skin is a rosy red and you feel the blood tingling through your entire body. Don a soft flannel bath robe, take down your hair, that it may fall about your shoulders for a little airing, and lie down for a half hour's nap.

The blood will be thrown into perfect circulation, and when you arise you will feel yourself a new creature ready to cope with life in all its complexities. The inward sun will come out in your eyes and shine gayly on your bit of this busy old world. Happiness will be all about you, and the rest of your day will be a pleasure to you and yours.

GERTRUDE LOUIS WILLETT.

The Problem of Gray Hairs.

It is always difficult to prevent the hair turning gray when it has once begun. It generally loses its color from ill health, lack of proper nourishment at the roots of the hair, or from age. If the first case you may do something for it if you grow strong and well again, and the same remarks hold good in the second instance. But where the gray hairs appear from age, nothing will prevent it becoming white as time goes on. Where there are infrequent gray hairs found it is said that to wash the head with claret and take iron and burgundy as a tonic may accomplish some good.

Doing Up Muslins.

Wash colored muslins in cold soap-suds. If black, add a little salt; if pink or green, add vinegar; for lilac, a few drops of ammonia, and salt-peter for blue. Rinse in cold water and do not use the starch when it is in the least warm. Fine muslins are best ironed twice, in opposite directions; laces and embroideries by the thread of the material. Hamburg edging looks nicer if ironed over flannel. Remove the irons from the stove as soon as the ironing is done; rub them well with a soft cloth and keep them as dry as possible.

A Kaffir girl of pure blood is studying at Wilberforce university in Ohio. Her name is Charlotte Makhombe Manye, and her home is in South Africa. During the present summer she has been lecturing on her native land in an endeavor to pay her expenses. She has been studying in America for five years, and when she is graduated she is going back to her people as a missionary.

A professional picture hanger is the way Miss Josephine Portland describes herself. She makes a living, and a very good one, too, by hanging pictures for rich people who have not the artistic taste to do it themselves.

Doctors Can't Cure It!

Contagious blood poison is absolutely beyond the skill of the doctors. They may dose a patient for years on their mercurial and potash remedies, but he will never be rid of the disease; on the other hand, his condition will grow steadily worse. S. S. S. is the only cure for this terrible affliction, because it is the only remedy which goes direct to the cause of the disease and forces it from the system.

I was afflicted with Blood Poison, and the best doctors did me no good, though I took their treatment faithfully. In fact, I seemed to get worse all the while. I took almost every so-called blood remedy, but they did not seem to reach the disease, and had no effect whatever. I was disheartened, for it seemed that I would never be cured. At the advice of a friend I then took S. S. S., and began to improve. I continued the medicine, and it cured me completely, building up my health and increasing my appetite. Although this was ten years ago, I have never yet had a sign of the disease to return.

It is like self-destruction to continue to take potash and mercury; besides totally destroying the digestion, they dry up the marrow in the bones, producing a stiffness and swelling of the joints, causing the hair to fall out, and completely wrecking the system.

THIS DAY IN HISTORY.

1773—Louis Philippe, king of the French, in 1830-48, born at Paris, died 1850.
1821—Jenny Lind, later Mme. Goldschmidt, great singer, born in Stockholm; died in London 1887.
1830—Harriet Hosmer, sculptress, born at Watertown, Mass.
1833—Albert Deane Richardson, journalist and author, born in Franklin, Mass.; assassinated 1899.
1863—Frances Trollope, English author and mother of T. Adolphus and Anthony, died; born 1790.
1891—King Karl of Wurtemberg died.
1897—Sir John Gilbert, noted painter and illustrator, died in London; born 1817. Over 6,000 deaths in a typhoid in the Philippine Islands.
1898—Rev. Dr. Cunningham Oake, noted as a Bible commentator, died in London; born 1825.

Jenny Lind.

"West of the Missouri river," said Representative Babcock of Wisconsin, to a Chicago Tribune man, "the people are unanimous in their support of the administration, and are the most pronounced advocates of expansion. I have never seen such enthusiasm as they manifest. Farther east, in the northwest, there is every bit as much loyalty and support of the administration. There are possibly more men who are doubtful as to what the future of the islands should be, but even these men do not believe this is the time to discuss these questions." They are willing to leave these to congress and the administration. There is not the least question that the entire country will support every step of the administration. They will do so in the presidential election in no unmistakable manner."

There should be no more jealousy between the east and west sides. The time for such bickerings has passed. Now is the time to demonstrate this fact. The west side has the new post office, and the east side should have the city hall. Everyone admits the adaptability of the "King site" for the purpose. Then, why not buy it?

The judge of a Missouri court upholds a boycott instigated against a railway company, by Kansas city merchants, and has instructed the sheriff not to travel on this line when taking insane people to the asylum. Whether or not "his honor" is a candidate for reelection, is not stated.

Rev. Matt. Evans will withdraw from the Methodist conference, it is said, because he was assigned to a pastorate at a salary of \$500 a year or less. Well, well, well! This reminds us of the principal remark attributed to Opie Read's famous "Kentucky Colonel."

The man who writes an anonymous letter to the common council is of no higher order than the man who writes an anonymous letter to an individual. The man who fears to stand sponsor for his own ideas, cannot have much faith in the justice of his contentions.

President McKinley will not visit Janesville on his western trip, but goes to Milwaukee instead. Competition between these two best towns in the state is naturally strong, but friendly, so we do not wish our successful rival any ill will.

Dewey's return is also marked by a rush of ships to Manila. Dewey evidently doesn't believe in hauling down the flag that floats in the face of an enemy.

Admiral Dewey advocates "stern measures to suppress the rebellion," and stern measures will be adopted, Edward Atkinson dissenting.

The parachute that fails to open is also doing its share to reduce the number of people who "didn't know it was loaded."

The Rev. Peter McQueen of Sumner, Minn., condemns General Otis. That settles it. Let Otis be Eganized at once.

According to the newspapers, one Debs took part in the street fair at Canton, Ill. Who is he? Does anyone know?

CAUGHT THE MEN WHILE THEY DUG

ATTEMPT AT JAIL BREAKING IS FRUSTRATED.

As the Result, the 'Alleged Edgerton Burglars Are "Soaked" and Locked Up in Separate Cells—They Were Trying to Out-do Jack-Hess, But Failed in the Attempt.

But unlike the Jack Hess of history, the three men failed.
It is unnecessary to explain, that this is a story of an attempted jail breaking—and also of a sharp-eyed and quick-earred, yept Samuel Brown.

The escapees, so to speak, were the three men who are now in jail—in separate cells, to be explicit—were the men charged with the recent burglary at Edgerton. They had found the spot immortalized by the late Mr. Hess, and began to dig out the small stones.

Col. Brown—he of the trained ear—heard a sound, however, and like the true born detective, decided it was a real suspicious noise, so he followed it up. As the result the diggers were caught in the act.

They had made a good start, but lacked the delicate touch of the late Mr. Hess—also, the pump handle that the said Hess always used—hence the failure.

Turnkey Brown at once "soaked" the men, as the term is used by the police, and locked them in separate cells.

This is the whole story.

PLEASED CROWD IMMENSELY

Last Night's Audience at the Grand Was Well Pleased.

"A Ragtime Reception" delighted local theatre-goers last night and so far no one has availed themselves of Manager Myers' money-back-if-dissatisfied offer. Any kind of a production with such a clever comedian as Gus Pixley could not fail to have a bright and shining spot anyhow. Pixley, like a certain well known medicine, is "peculiar to" himself, and his ways are inimitable. His make-up as a hobo was such as to make the real thing green with envy, and his specialty turns were great, especially his "Whistling Coon."

Miss Bentrice Goldie, whose figure in the alluring concealment of a flowing wrapper was greatly heightened, had a few pleasing songs and bits of work during the evening. The Red Soubrette was a favorite. This is Miss Gladys Van, and she was indeed a petite and proper little personage. The DeVauls did some pleasing work together and separately.

J. G. O'Dell sang a baritone solo with chorus girl accompaniment at the finish, which captured the house. He has a pleasing voice and it is a pity that the other members of the company do not give him more of a chance. Charles Roach was not so very bad as the "coon," and Phil Michaels as the Twentieth Century question mark was in about the same class. To sum it up, the performance gave general satisfaction and everybody went away with the feeling that they had received their money's worth.

Hoyt's "A Stranger in New York."

Merriment of the highest order of excellence will reign at the Myers Grand Opera house next Saturday in matinee and evening performance, the occasion being the presentation of the best effort in playwriting of that popular writer of American farce comedy, Mr. Chas. Hoyt, entitled "A Stranger in New York." The ample announcement that this clever delineator of American humor has something good to offer will be enough to attract an unusual large audience.

Mr. Hoyt is modest in proclaiming the advent of his best work, and simply announces the "only presentation in this city of Hoyt's illustration of the possible adventures of "A Stranger in New York" this season.

Singing, dancing and specialties that are announced as absolutely new; a bevy of pretty girls—for no Hoyt show is complete without them—elaborate scenery, fetching costumes, ridiculously funny scenes, bright, crisp dialogue and the strongest cast ever organized are the principle features that go to make up an evening's entertainment which is claimed to be the most wholesome and amusing Mr. Hoyt has yet offered to the theatre-going public.

All the music is original, and is the work of the late Richard Stahl, author of the opera "Said Pasha," "The Sea King," "The Idon Tenor," etc., and embraces everything from up-to-date topical and catchy "coon" songs, to travesties on grand opera.

The report that T. L. Acheson was worse, proved to be erroneous. He is able to be up and around the house and yard.

LOUIS S. BLAKE of this city, had a close call to a fatal accident at Ridgefield, Ill., yesterday. He is employed as brakeman by the C. & N. W. Ry. company and was engaged in switching. He was standing on the pilot of the engine, when he slipped and fell to the side of the track, with his foot fastened in the bars of the pilot. He was dragged about thirty feet before being discovered, when he was released from his dangerous position. His ankle was sprained and he received several painful bruises. He was brought to this city and attended by the company's surgeon, Dr. E. F. Woods.

SUPT. DAVID THRONE DEFENDS HARVEY

SAYS THE CHARGES ARE UN-
FOUNDED.

Rock County Man, Who Drew the Res-
olution, Tells How the County
Superintendent Came to Endorse the
Harvey Bill Last Winter—No Ac-
tion Yet Taken.

Superintendent David Throne defends
Superintendent Harvey in vigorous
fashion in an article published in The
Evening Wisconsin.

No action has been taken as yet on
the charges brought against Supt. Har-
vey by Ginn & Co., and Silver, Burdett
& Co., and little has been heard of the
matter of late, but the schoolmen of
the state are still considerably worked
up over it, not alone on Mr. Harvey's
account, but because they have all been
put under the imputation of having
been "bought" in one way or another by
the American Book company. The
special committee appointed by the
board of normal regents to act upon the
charges has not had a meeting, but one
will be held within a few days, probably
before the end of the week. After the
withdrawal of Holt & Co. and D. C.
Heath & Co., the remaining firms filed
an amended complaint with the com-
mittee, but it does not materially change
the charges. The committee will act
upon the complaint as soon as it can
get together.

Made Them Warm.
The thing that incensed the school-
men particularly was a printed state-
ment by Mr. Goddard, representing
Ginn & Co., in which he made the
charge that the American Book com-
pany had been exercising undue influence
over the county superintendents and
other school authorities. Among other
things he asserted that the county
superintendents had endorsed the Har-
vey county superintendent bill through
the influence of the representatives of
the American Book company. That
the superintendents deny. They en-
dorsed the bill, they say, because they
thought it was a good one, and the book
men had nothing to do with their
action.

David Throne of Beloit, with one ex-
ception, the oldest superintendent in
the state in point of service, deeply re-
sents Mr. Goddard's assertion.

"I drew and presented the resolution
adopted by the superintendents," said
Mr. Throne, "and I do not remember
having discussed the matter with any
book man. It came about in this way.
At the meeting of the State Teachers'
Association in December, 1898, a com-
mittee was appointed to devise some
means of improving the common
schools, and Supt. Emery was made a
member of it. As he was about to re-
tire he declined to act and Mr. Harvey
was invited to take his place. As he
had not yet been installed in office Mr.
Harvey would not become a member of
the committee, but he consented to at-
tend the meeting that was held at Mad-
ison. There the township question was
discussed at length and most of the
committee favored it. Some years pre-
vious Mr. Harvey had drawn a bill
which had been defeated in the legisla-
ture, changing the county superintend-
ent system. As a result of the confer-
ence Mr. Harvey remodeled his old bill
and had it introduced at the last legisla-
ture.

Mr. Throne's Resolutions
"When the county superintendents
had their meeting in this city in Feb-
ruary the matter of Mr. Harvey's bill came
up and it was designed to get an ex-
pression of opinion on it. After some
discussion I introduced a resolution in
the form of a petition to the legislature,
which was carried and was signed by
all but three of the superintendents who
were present. No representative of the
American Book company had anything to
do with it, and the only school book
man who took a hand in the matter, so
far as I know, was one who thought
that the change might injure his busi-
ness."

Speaking of the charges against Mr.
Harvey, Mr. Throne said that a strict
adherence to the letter of the law would
prevent any superintendent or school
authority from advising in the selection
of school books and would greatly ham-
per school work. He said the superin-
tendents were indignant at the charges
brought against Mr. Harvey. He also
said he had in mind a case in which an
attempt was made to get a county su-
perintendent to put a certain book upon
the library list and the offer did not
come from a representative of the Amer-
ican Book company.

Business Change
The Milton Avenue grocery has
changed hands. J. P. Buck of Chicago,
having purchased the stock, fixtures
and good will of J. S. Hart. Mr. Buck
is well known here, having resided here
with his father, Wm. Buck, some years
ago. He is a gentleman of pleasing
and business like appearance and will
undoubtedly make many new custom-
ers. A new stock of fresh groceries,
provisions, etc., will be added and the
place given a general overhauling.

Oriental Rugs,
Mr. J. M. Bostwick, now in New York,
purchased about twenty-five genuine
Oriental rugs, such as Shermans, Ban-
haras, Mosses, & Co., to sell at ten to
sixty dollars. We expect them Sat-
urday or Monday. No fancy prices. J.
M. Bostwick & Sons.

Cures for Insomnia.
A cure for insomnia is to stand erect
and rise slowly on the toes, and de-
scend as slowly. Repeat until the mus-
cles of the leg feel the strain. By that
time the superabundance of blood has
been drawn from the brain and sleep
will follow. A bowl of hot milk taken
just before retiring is often effectual.

COWARDLY ATTEMPT AT TRAIN WRECKING

MADE ON THE ST. PAUL ROAD
WEDNESDAY EVENING.

The Passenger Train is the One Which
Runs Between Milton and Janes-
ville—In Charge of Conductor Morris
Dee and Engineer Otto Schicker—
Perpetrators Unknown.

A dastardly attempt was made Wed-
nesday night, to wreck the passenger
train on the Chicago, Milwaukee & St.
Paul road, which arrives in this city from
Milton at 10:15 p. m., and every effort
is now being made to apprehend the
perpetrators of the outrage. The train
is the one which runs between Milton
and this city, and makes connection
with the train from Milwaukee and Chi-
cago. Wednesday night it was in charge
of Conductor Morris Dee and Engineer
Otto Schicker, both of this city.

As the train reached the bottom of
the grade about three miles this
side of Milton, the engine struck an
obstruction on the track which
caused it to jump perceptibly. They
were running slowly at the time and
Engineer Schicker soon stopped, and
with the train crew and several passeng-
ers went back to see what they had
struck. What they found caused the
chills to chase each other up and down
their spinal columns, for laying beside
the track was a block of maple wood
about a foot and a half long and six
inches square. One end had been
carefully grooved to fit the rail and the
other end had been placed against a
large tie with the evident intention of
causing the train to leave the track.

The piece of wood was picked up and
the train proceeded to this city, where
the matter was reported. Sheriff Appleby
was a passenger on the train and was
on his way home from Waukesha. He
examined the block closely and is con-
vinced that it was designed by a vandal
who knew his business only too well,
but unfortunately there is so far no clue
by which to trace him. It seems that
the passengers must owe their escape to
a special dispensation of providence, for
Engineer Schicker usually "throws her
wide open" at the point where the
attempt was made to ditch the train, and
if he had done so Wednesday night the
result would have no doubt been terri-
ble.

Another fortunate thing was that the
miscreant made poor calculation and
elevated the block so high that the
point of the engine pilot caught and
raised it slightly before the wheels
struck it. What the motive could have
been for such a diabolical attempt can-
not be imagined and may never be
known, but certain it is that the vicious
mind that planned it must belong to a
human brute of uncommon ferocity.

A coincidence of the affair is found in
the fact that about three or four years
ago an attempt was made to wreck a
passenger train on the C. & N. W. road,
not far from the scene of the recent at-
tempt. At that time a pile of ties was
placed on the track.

AN INTERESTING DECISION

Prohibits Sale of Leaf Tobacco to a War-
den of a Penitentiary.

A decision, which will be of much in-
terest to Rock county people, is one re-
garding the sale of leaf tobacco to the
managers of a state penitentiary and
has been made by the commissioners of
internal revenue. The decision is con-
tained in a letter to Collector J. C. Mon-
ahan of the Second Wisconsin district,
with headquarters at Madison. It is
made in response to a communication
from Warden C. C. McClaughrey of the
Wisconsin State prison, and it is held
that under the law qualified dealers are
restrained from selling their product to
a warden of a penitentiary, and the de-
cision says that it is required that dealers
"shall confine their sales to two classes
of persons: First, to other duly regis-
tered dealers in leaf tobacco; second, to
duly registered manufacturers of tobacco
in packages for export."

The warden of a penal institution not
coming under these classifications is re-
strained from purchasing of a dealer,
and consequently must buy his product
from a farmer, which is not prohibited
by law.

Treasury officials are of the opinion
the decision will have the effect of abol-
ishing the manufacture of tobacco in
penal institutions, except for the con-
sumption of the inmates.

For some time past the tobacco trade
has protested against the manufacture
of tobacco by convict labor, on the
ground that it brought into competition
with honest labor and deprives the trade
of an important outlet for their manu-
factured goods.

DOCTORS TO GATHER TONIGHT
October Meeting of the Rock County
Medical Society

The October meeting of the Rock
County Medical society will be held this
evening at the municipal court room.
Two papers will be read by Drs. Q. O.
Sutherland and James Mills. A full
discussion of the subjects taken up will
follow and the meeting will no doubt be
an interesting one. At the September
meeting, the president, Dr. E. E.
Loomis, appointed a committee on pro-
grams, consisting of Drs. Q. O. Suther-
land, S. B. Buckmaster and Hugo
Spaier, in order to arrange programs of
a nature that would draw a full atten-
dance of the members and a program will
be submitted this evening.

To Gather Here Next Week—Com-
mittee in Charge is Making Active
Preparations For Entertainment—
Masonic Hall is Being Tastily Dec-
orated for the Occasion.

The Order of the Eastern Star will
hold their annual district convention in
this city on next Tuesday, October 10,
and the committee in charge is making
great preparations for the entertain-
ment of the expected delegates. About
one hundred and fifty will be present
and Clinton, Monroe, Beloit, Brodhead,
Albany and Janesville will be rep-
resented. The convention will be held in
Masonic hall, and the decorating com-
mittee, of which Mrs. John Evans is
chairman, is hard at work making the
room as pleasing to the eye as possible.

At 6 o'clock Tuesday evening the
ladies of the local chapter will serve
one of their justly famed suppers at the
hall. The banquet committee is com-
posed of Mrs. W. H. Merritt, chairman,
Mrs. F. H. Baack, Mrs. E. T. Fish and
Mrs. C. A. Sautborn. Following the re-
ception and supper there will be an ex-
emplification of the work of the order.
A number of the Grand Lodge officers
will be present, and among them will be
Grand Matron Elizabeth Little of Port-
age, and many other well known people
of the Eastern Star. The conventions
are held yearly and are always great
successes, and the Bower City will in-
deed be honored by the privilege of en-

RESTORES OLD BATTLE FLAG.

Indiana Presents Relic of Civil War to Terry's Texas Rangers.

Dallas, Tex., Oct. 6.—The tattered battle flag of Terry's Texas rangers has been restored to the remnant of the gallant confederate band, the ceremonies taking place in the Auditorium at the fair grounds. Gov. Mount of Indiana and staff, Gov. Sayers of Texas and staff and a mounted escort of Capt. Pugett's rough riders formed in front of the city hall Thursday and proceeded to the entrance of the grounds, where they were met by a delegation of ex-Indians, ex-confederates and members of the G. A. R., who escorted them to the Auditorium.

Gov. Mount, in an impressive speech before a large assemblage, presented the flag to Gov. Sayers, who, in turn, presented it to James Miller, president of the Association of Terry's Rangers. Great enthusiasm was manifested during the proceedings.

The flag is an interesting relic. The rangers claim that it was never captured; that it was lost while they were in retreat. The Indians, however, assert that it fell into their regiment's hands during the heat of battle. Terry's rangers formed one of the most famous regiments of the war.

REV. DR. CURTIS IS CLEARED.

Rock River Conference Exonerates Him of Wrongdoing.

Rockford, Ill., Oct. 6.—In an executive session lasting two hours the Rock River M. E. conference Thursday exonerated Rev. Lewis Curtis, D. D., of the Western Book Concern, of the charge of wrong-doing in connection with loaning money belonging to the fund for freedmen's aid. The vote was unanimous, and was taken after the reading of a long and carefully written explanation of the entire transaction by Dr. Curtis. This closes the Caldwell-Curtis incident.

Presiding Elder C. E. Mandeville of the Chicago northern district made his report the first thing Thursday. The characters of all the ministers in the district were passed. In thirteen charges the pastors' salaries have been increased by amounts averaging from \$50 to \$500. Garrett Biblical Institute is prosperous, and a significant fact is that a much larger proportion of students is made up of college graduates.

James Harlan Dead.

Mount Pleasant, Ia., Oct. 6.—Former United States Senator James Harlan died at 10 o'clock Thursday morning, after an illness of several weeks. James Harlan was born in Clarion county, Illinois, but came to Iowa in 1845. In 1855 he was elected to the senate, and re-elected in 1861. In 1865 he resigned to become secretary of the interior, but was returned to the senate in 1866, but was defeated in 1872 by Senator Allison. From 1882 to 1886 he acted as chief justice of the Alabama claim commission, and in 1895 made an unsuccessful race for governor.

To Improve Duquesne Plant.

Pittsburg, Pa., Oct. 6.—The Carnegie Steel company will immediately begin the construction of improvements at its plant at Duquesne, to cost from \$7,500,000 to \$8,000,000, indicating that the company's officials think the existing prosperity in the iron and steel trade will continue.

CROWDS MEET THE PRESIDENT

Continuous Ovation Accorded Him in the West.

PARTY ARRIVES AT QUINCY.

Illinois Town Reached in Schedule Time—Chief Executive Makes No Speeches During the Trip—Introduces Cabinet Officers.

Lafayette, Ind., Oct. 5.—Although the presidential train crossed the Indiana line after dark last night, and despite that word had been telegraphed ahead to the effect that no stops of any length would be made, yet large crowds assembled at Fort Wayne, Peru, Logansport and Lafayette. The president invariably declined to favor the people with speeches, but willingly shook hands with as many as he could reach, and in most cases presented to them the members of the cabinet. The crowds were enthusiastic and hearty in their greetings, and at most of the stops bands played "Hail to the Chief" as the train pulled in.

Illinois was crossed during the night, and at 8 o'clock this morning the party arrived in Quincy, on the banks of the Mississippi.

Alliance, Ohio, Oct. 6.—The presidential party arrived in Alliance at 10:45 Thursday, having made the run from Pittsburg without stopping. Crowds were noticeably absent along the stations along the line, as it was known no stops would be made. President McKinley's greeting from his old friends and neighbors in Alliance was especially warm. The stop was not sufficient in length to permit any speechmaking, and the crowd which had gathered was forced to be satisfied with congratulating about the rear platform and shaking hands with the president and members of the cabinet. For all the president had a word of pleasant greeting and a hearty shake of the hand.

Canton, Ohio, Oct. 6.—President McKinley and the special train bearing him and his party toward Chicago arrived in Canton Thursday on scheduled time—11:30 o'clock. At 12:40 o'clock the train was speeding onward out of the city over the Cleveland Terminal & Valley road. The president hopes to take possession of his new home here early in November and to vote at the state election Nov. 7.

Both the president and Mrs. McKinley seemed to be in excellent health and spirits. Miss Mary Barber, niece of the president, joined the presidential party here. She will be Mrs. McKinley's special guest on the western tour. Defiance, Ohio, Oct. 6.—As the presidential train went farther westward through Ohio the crowds at the stations grew. At Chicago Junction a large number of school children were collected at the station, waving flags and cheering the president. At every station the crowd clamored loudly for a speech, but the president evaded these requests by bringing forward and introducing successfully the members of the cabinet, each one of whom was invariably greeted with much applause. The largest crowds of the day were at Tiffin and Fostoria. At Defiance the train was transferred to the Wabash, over which road the journey continued to Quincy, Ill.

Men of Finance Meet.

Chicago, Oct. 6.—Several hundred delegates to the ninth annual convention of the Illinois Bankers' association, in session at the Great Northern theater, spent yesterday listening to reports of the officers, which showed the association prosperous, and in listening to addresses on the ways of extending foreign commerce and on credit.

President John L. Hamilton, Jr., of Hoopeston, in his report, said he considered the national bank laws detrimental to the agricultural interests of the country and that, in his opinion, the national banks should be allowed to make loans on agricultural mortgages.

Smallpox in Orphans' Home.

Dayton, Ohio, Oct. 6.—There is an epidemic of smallpox at the orphans' home in this city. The disease was brought to the home by five children, who caused it to spread over the entire place. There are thirty-three cases thus far. Secretary Probst of the state board of health was called in before the nature of the disease was known. All cases have been quarantined.

Storm on the Florida Coast.

Pensacola, Fla., Oct. 6.—The weather observer has received orders to continue storm signals, which have been displayed now for two days. All shipping is being held in the harbor. A storm of much severity is reported off Tampa, moving northeast over Florida peninsula.

Andrade's Men Win Skirmish.

Caracas, Venezuela, Oct. 6.—The government troops won a victory Thursday in a skirmish with guerrilla bandits at Villadeaura.

President Andrade Has Sent a final

commission with an ultimatum to the rebel general, Castro.

May Quash Dreyfus Verdict.

London, Oct. 6.—The Paris correspondent of the Daily Mail says: "I learn that Germany is about to hand over documents which will lead to the quashing of the Dreyfus verdict."

THE BASEBALL REPORT.

Results of Games Played Yesterday in the National League.

Louisville, winning from Cincinnati yesterday, mounted to a tie for eighth place with Chicago. Pittsburgh pulled farther ahead by giving St. Louis a beating. Boston raised another barrier between the Phillies and second place by trouncing New York, while Philadelphia could not do better than tie with Baltimore. Brooklyn was downed by Washington, but is too far ahead of its nearest opponent, Boston, to be worried. The scores:

INDICT RIOTERS FOR MURDER.

Marion (Ill.) Grand Jury Finds True Bill Against Twelve Strikers.

Marion, Ill., Oct. 6.—The grand jury Thursday turned in the first lot of indictments against persons connected with the Cartersville riot.

Those indicted for murder are Wesley Shadowens, Lem Shadowens, Charles Shadowens, William Carney, Will Kelly, Elmer James, Math Walker, John Wallace, Dick Keiley, Robert Hatfield, Frank Grider and Jack Nangle.

It is generally understood that there are others whose names are withheld.

These, added to the Lauder station list, make twenty-eight men indicted for murder at the present session of the grand jury.

R. E. McLean Is President.

Danville, Ill., Oct. 6.—The State Federation of Labor Thursday passed the following resolutions: Providing for the protection of life and limb, termed the employers' liability act. The Illinois Tradesman was endorsed as the official organ of the Federation of Labor for this state.

The contest for president was lively between R. E. McLean of Springfield and Charles Dold of Chicago, but on the third ballot McLean was elected. The convention will be held next year at Kewanee, Ill.

The constitution was amended by providing that five vice-presidents be elected; that the per capita tax of half a cent be raised to one cent; that the secretary-treasurer give a \$5,000 bond.

Take Action Against Fusion.

Hastings, Neb., Oct. 6.—The state convention of the middle-of-the-road populists was held Thursday, and adopted the following resolutions: "That we accept and reaffirm the Omaha platform; that it and the initiative and referendum embody all the essential measures now proposed by progressive political action; that we consider fusion as the direct cause of all the confusion that now distracts the reform forces of this state; that the nomination of a straight populist ticket at this time is not practical; that the straight populists refuse to vote the fusion ticket."

Rival Interests Clash.

Boston, Mass., Oct. 6.—The representatives of the dairy interests in Wisconsin and the west and those of New York have clashed in the National Farmers' congress, and this fight is involving the selection of a president of the congress. Ex-Gov. Hoard is leading the men who want congress to pass a law taxing colored butter 10 cents a pound. The New York men claim that if that is done it will let down the bars of their state so that the product will get through, because the Supreme court has decided that licensing legitimizes, and the butter may go through in original packages.

Bank Robbers Secure \$1,300.

Ripley, Iowa, Oct. 6.—Johnson Bros. bank was robbed at 2 o'clock Thursday morning and \$1,300 taken—\$1,350 in bills, \$400 in gold and the rest in silver. It is supposed that three robbers entered by prying a window in the rear. The vault was blown open and wrecked. The robbers drove from Ripley to Grand Junction and there separated. The robbery was not discovered until morning.

Charges Against Officials.

Springfield, Ill., Oct. 6.—The Sangamon county grand jury indicted Mayor Loren E. Wheeler, Chief of Police Hugh S. Castles and John Mockler, the last named a saloonkeeper, charged with a conspiracy to allow and protect the keeping of gambling houses in the city. The mayor is charged with corruptly and unlawfully refusing to suppress the gambling houses.

S. D. Capen Made President.

Providence, R. I., Oct. 6.—Large congregations attended the meetings of the American board of foreign missions here Thursday. S. D. Capen was elected president and D. Willis James, who has ably presided at the meetings here, was re-elected vice-president. The other officers were re-elected.

Prosperity is Here

Anyone who doubts it can be convinced by visiting any of the towns in western Iowa or Minnesota on the new lines of the Chicago & North Western Railway.

People in the immediate vicinity of these towns are quick to see the advantage and are already in advance of the railroad, building stores, residences, elevators, lumber offices, etc., etc., but there is room for more. The country is splendid, and will in all cases amply support all lines of business and trade, and in the most of the towns the best locations are still open.

Lots in any of these towns cannot help but be safe and paying investments, as they are still on the market at the original low prices.

Embassy to Vatican Cut Off.

Paris, Oct. 6.—The budget commission of the chamber of deputies refused by a vote of 13 to 7 to grant a credit for the expenses of the French embassy to the Vatican.

Australia Offers 2,000 Troops.

Melbourne, Victoria, Oct. 6.—The military commandants of the several Australian colonies have made a joint recommendation to the imperial government that the Australian contingent for the expected war in South Africa be fixed at 2,000 men of all arms of the service.

Forty Men Join the Strikers.

Philadelphia, Pa., Oct. 6.—Forty men employed at Cramps, representing various trades, joined the striking employees of that company. The strikers say there are not more than 500 men at work and nearly 1,500 on strike.

Germans to Join the Boers.

Brussels, Oct. 6.—Twenty German officers passed through Brussels Thursday, on their way to South Africa, where they will take commissions in the Transvaal army.

To Mrs. Pinkham, Lynn, Mass.

[LETTER TO MRS. PINKHAM NO. 41,207]

"DEAR FRIEND—A year ago I was a great sufferer from female weakness. My head ached all the time and I would get so dizzy and have that all gone feeling in the stomach and was so nervous and restless that I did not know what to do with myself. My food did me no good and I had a bad case of whites. I wrote to you and after taking Lydia E. Pinkham's Vegetable Compound as directed, I can truly say that I feel like a new woman and cannot tell you how grateful I am to you."

"I have recommended it to all my friends and have given it to my daughter who is now getting along splendidly. May you live many years to help our suffering sisters."—MRS. O. CARPENTER, 253 GRAND ST., BROOKLYN, N. Y.

Over eighty thousand such letters as this were received by Mrs. Pinkham during 1897. Surely this is strong proof of her ability to help suffering women.

The Shoe Without a Name

Can be just as good as one with a name, but a shoe without an aim can be no good no matter what it has for a name.

A Hanan Shoe.

For instance, unlike all others, is at its best when in actual wear. That is "an aim" of the maker. It is a thorough cosmopolitan—the accepted shoe of the American. FOOT FORM in shape, GRACEFUL in outline, excellent all competition in points of skillful shoemaking. SCIENCE is the basis of this great shoe style. Every last is perfected to the minutest detail of the human foot. No other make is as favorably known. It is rightly said: "The Best on Earth is a Hanan Shoe." Every pair, \$5.00. In Enamel, French Calf, Patent Calf, "Ideal" and Vici Kid, Harvard Calf (colored), and Russia Calf. All sizes, from AA to E. On all styles of lasts. See the new ones.
